

# Merit

Merit is our stylish custom badge that combines vibrant photo printing with a protective resin dome, creating a sleek and professional finish that's perfect for events, recognition programs, and branded merchandise. Each Merit badge is produced using high-resolution photo printing, allowing you to showcase detailed logos, gradients, and complex artwork that wouldn't be possible with traditional enamel coloring. The design is then sealed beneath a clear resin dome, which enhances color depth while protecting the artwork from everyday wear. Merit badges are available in three classic shape options – Square, Circle, or Shield – giving you the flexibility to match the style of your brand, team, or event.
